voices of dissent are silenced) so the least we can do is hear him out.

There is a vast amount at stake here, not least of which is the very future of the NHS. We've all seen the propaganda from our government, how submitting to the Lockdown will "save the NHS" when the intention in the long term is to sell it off to the government's pals in big business.

## PETER HITCHENS: Face masks turn us into voiceless submissives – and it's not science forcing us to wear them, it's politics

July 22, 2020 2

We have been urged day in and day out to "save lives" but the truth of the matter is the Lockdown of society and partial shut down of the NHS is costing far more lives than it is purportedly saving,

The laid-off staff, cancelled operations, falsified stats, false test positives, quiet hospitals working well below capacity, "do not resuscitate" orders, and what is increasingly beginning to look like a form of institutionalised euthenasia indicate that the real enemy of the NHS and indeed of the country is not some smoke-and-mirrors "epidemic".

The real enemy, or his stooges and proxies, lie within our government.

The first video below gives you a brief summary by Dr Adil of what is really happening inside the NHS – and why.

The second video goes into a lot more detail and is well worth watching all the way through.

*The Liberty Beacon Project is now expanding at a near exponential rate, and for this we are grateful and excited! But we must also be practical. For 7 years we have not asked for any donations, and have built this project with our own funds as we grew. We are now experiencing ever increasing growing pains due to the large number of websites and projects we represent. So we have just installed donation buttons on our websites and ask that you consider this when you visit them. Nothing is too small. We thank you for all your support and your considerations ... Thank you Steve for the wonderful article which is highly impressive . I appreciate your kind words and encouragement. Thank you again for introducing me to a large number of audience who can well understand the scenario well for speaking the truth regarding inside story of the NHS .

It is a great privilege and pride for me to have a friend like you to boast my moral . They have now suspended my license to practice in U.K. for 12 months as a penalty for speaking the truth . I gad spotless 39 years of service with the NHS in this country with great contribution towards medical sciences and innovation.

Who will stand tall, unbent by the storm of lies, uncowed by the snarling of The Beast?

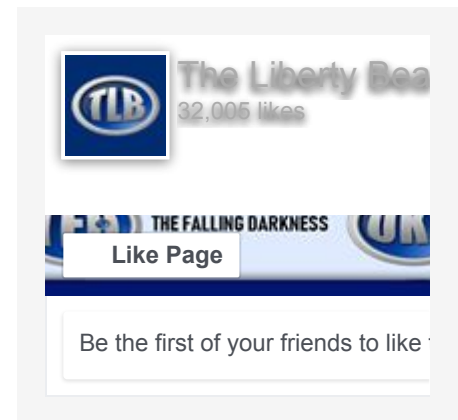

Introduction by [Steve Cook](#)

Dr Mohammad Iqbal Adil is not just a random conspiracy theorist. He is a highly qualified consultant surgeon with the NHS who has observed from the inside what is being done to the NHS using the so-called COVID19 pandemic as a smoke screen.

It takes a great deal of courage to speak out the way he has done. We hope that other professionals will pluck up the courage to do the same rather than stand silent whilst the world around them goes to hell in a biscuit barrel.
