Email: [FOIARequests@cdc.gov](mailto:FOIARequests@cdc.gov)  
Phone: 770-488-6277  
Fax: 770-488-6200

Dear Mr. Andoh,

This is a formal request for access to general records, made under the *Freedom of Information Act*.

### Description of Requested Records:

*[Please note: this request is very similar to another request that I submitted on March 1, 2021 (#21-00793-FOIA) where I had **specified** purification via maceration, filtration and use of an ultracentrifuge and received a "no records" response. The difference with this new request is that it does **not** specify maceration, filtration and use of an ultracentrifuge; instead it mentions filtration, ultracentrifugation and chromatography by way of an example.]*

All studies and/or reports in the possession, custody or control of the Centers for Disease Control and Prevention (CDC) and/or the Agency for Toxic Substances and Disease Registry (ATSDR) describing the **purification** of any "**HIV**" aka "**human immunodeficiency virus**", directly from a sample taken from an diseased human (**with AIDS symptoms**) where the patient sample was not first combined with any other source of **genetic** material (i.e. monkey kidney cells aka Vero cells or any other cell line; fetal bovine serum).

Please note that I am not requesting studies/reports where researchers failed to **purify** the suspected "virus" and instead:

- cultured something, and/or
- performed an amplification test (i.e. PCR), and/or
- fabricated a "genome", and/or
- produced electron microscopy images of unpurified things.

I am already aware that according to virus theory a "virus" requires host cells in order to replicate. I am not requesting records describing the **replication** of a "virus" without host cells, or records that describe a suspected "virus" floating in a vacuum, or private patient records.

I simply request records that describe **purification** of the alleged virus (**separation** from everything else in the patient sample as per standard laboratory practices for the purification of other very small things).

My request includes any study/report matching the above description, **authored by anyone, anywhere**.

If any records match the above description of requested records and are currently available to the public elsewhere, please provide enough information about each record so that I may identify and access each one with certainty (i.e. title, author(s), date, journal, where the public may access it). Please provide URLs where possible.

### Format:

Pdf documents sent to me via email; I do not wish for anything to be shipped to me.

### Contact Information:

Last name: Massey

First name: Christine

Address:

Request Number: 22-00207-FOIA

Dear Ms. Massey:

This is regarding your Freedom of Information Act (FOIA) request of October 28, 2021, for request for all studies and/or reports in the possession, custody or control of the Centers for Disease Control and Prevention (CDC) and/or the Agency for Toxic Substances and Disease Registry (ATSDR) describing the purification of any "HIV" aka "human immunodeficiency virus", directly from a sample taken from an diseased human (with AIDS symptoms) where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka Vero cells or any other cell line; fetal bovine serum). Please note that I am not requesting studies/reports where researchers failed to purify the suspected "virus" and instead: • cultured something, and/or • performed an amplification test (i.e. PCR), and/or • fabricated a "genome", and/or • produced electron microscopy images of unpurified things. I am already aware that according to virus theory a "virus" requires host cells in order to replicate. I am not requesting records describing the replication of a "virus" without host cells, or records that describe a suspected "virus" floating in a vacuum, or private patient records..

Please see the attached letter.

Sincerely,  
CDC/ATSDR FOIA Office  
770-488-6399

Via email: cmssyc@gmail.com

Dear Ms. Massey:

The Centers for Disease Control and Prevention and Agency for Toxic Substances and Disease Registry (CDC/ATSDR) received your Freedom of Information Act (FOIA) request dated October 28, 2021. Your request assigned number is 22-00207-FOIA, and it has been placed in our complex processing queue.

In unusual circumstances, an agency can extend the twenty-working-day limit to respond to a FOIA request.

We will require more than thirty working days to respond to your request because we reasonably expect that two or more CDC centers, institutes, and offices (C/I/Os) may have responsive records.

To process your request promptly, please consider narrowing the scope of your request to limit the number of responsive records. If you have any questions or wish to discuss reformulation or an alternative time frame for the processing of your request, you may contact the analyst handling your request Mark Harper at 770-488-8154 or our FOIA Public Liaison, Roger Andoh at 770-488-6277. Additionally, you may contact the Office of Government Services (OGIS) to inquire about the FOIA mediation services they offer. The contact information for OGIS is as follows: Office of Government Information Services; National Archives and Records Administration; 8601 Adelphi Road-OGIS; College Park, Maryland 20740-6001; e-mail at [ogis@nara.gov](mailto:ogis@nara.gov); telephone at 202-741-5770; toll free at 1-877-684-6448; or facsimile at 202-741-5769.

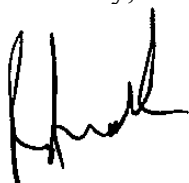

Because you are considered an “Other requester” you are entitled to two hours of free search time, and up to 100 pages of duplication (or the cost equivalent of other media) without charge, and you will not be charged for review time. We may charge for search time beyond the first two hours and for duplication beyond the first 100 pages. (10 cents/page).

If you don’t provide us with a date range for your request, the cut-off date for your request will be the date the search for responsive records starts.

You may check on the status of your case on our FOIA webpage <https://foia.cdc.gov/app/Home.aspx> and entering your assigned request number. If you have any questions regarding your request,

please contact me at 770-488-8154 or via email at [wzj6@cdc.gov](mailto:wzj6@cdc.gov).

Sincerely,

A handwritten signature in black ink, appearing to read 'Roger Andoh', with a stylized flourish at the end.

Centers for Disease Control  
and Prevention (CDC)  
Atlanta GA 30333  
November 15, 2021

Ms. Christine Massey  
21 Keystone Avenue,  
Toronto, M4C 1G9  
Via email: cmssyc@gmail.com

Dear Ms. Massey:

This letter is in response to your Centers for Disease Control and Prevention and Agency for Toxic Substances and Disease Registry (CDC/ATSDR) Freedom of Information Act (FOIA) request of October 28, 2021, for:

**Description of Requested Records:**

*[Please note: this request is very similar to another request that I submitted on March 1, 2021 (#21-00793-FOIA) where I had **specified** purification via maceration, filtration and use of an ultracentrifuge and received a "no records" response. The difference with this new request is that it does **not** specify maceration, filtration and use of an ultracentrifuge; instead it mentions filtration, ultracentrifugation and chromatography by way of an example.]*

*All studies and/or reports in the possession, custody or control of the Centers for Disease Control and Prevention (CDC) and/or the Agency for Toxic Substances and Disease Registry (ATSDR) describing the **purification** of any "**HIV**" aka "**human immunodeficiency virus**", directly from a sample taken from an diseased human (**with AIDS symptoms**) where the patient sample was not first combined with any other source of **genetic** material (i.e. monkey kidney cells aka Vero cells or any other cell line; fetal bovine serum).*

*Please note that I am not requesting studies/reports where researchers failed to **purify** the suspected "virus" and instead:*

- cultured something, and/or*
- performed an amplification test (i.e. PCR), and/or*
- fabricated a "genome", and/or*
- produced electron microscopy images of unpurified things.*

*I am already aware that according to virus theory a "virus" requires host cells in order to replicate. I am not requesting records describing the **replication** of a "virus" without host cells, or records that describe a suspected "virus" floating in a vacuum, or private patient records.*

*I simply request records that describe **purification** of the alleged virus (**separation** from everything else in the patient sample as per standard laboratory practices for the purification of other very small things).*

*My request includes any study/report matching the above description, authored by anyone, anywhere.*

*If any records match the above description of requested records and are currently available to the public elsewhere, please provide enough information about each record so that I may identify and access each*

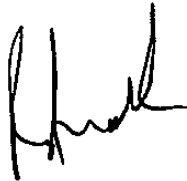

*one with certainty (i.e. title, author(s), date, journal, where the public may access it). Please provide URLs where possible.*

A search of our records failed to reveal any documents pertaining to your request.

You may contact our FOIA Public Liaison at 770-488-6277 for any further assistance and to discuss any aspect of your request. Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. The contact information for OGIS is as follows: Office of Government Information Services, National Archives and Records Administration, 8601 Adelphi Road-OGIS, College Park, Maryland 20740-6001, e-mail at [ogis@nara.gov](mailto:ogis@nara.gov); telephone at 202-741-5770; toll free at 1-877-684-6448; or facsimile at 202-741-5769.

If you are not satisfied with the response to this request, you may administratively appeal to the Deputy Agency Chief FOIA Officer, Office of the Assistant Secretary for Public Affairs, U.S. Department of Health and Human Services, via the online portal at <https://requests.publiclink.hhs.gov/App/Index.aspx>. Please mark both your appeal letter and envelope "FOIA Appeal." Your appeal must be electronically transmitted by February 13, 2022.

Sincerely,

A handwritten signature in black ink, appearing to read 'Roger Andoh', written in a cursive style.
